Dave searches the App Store to find an app that has all the tools he needs to find some compatible roommates.

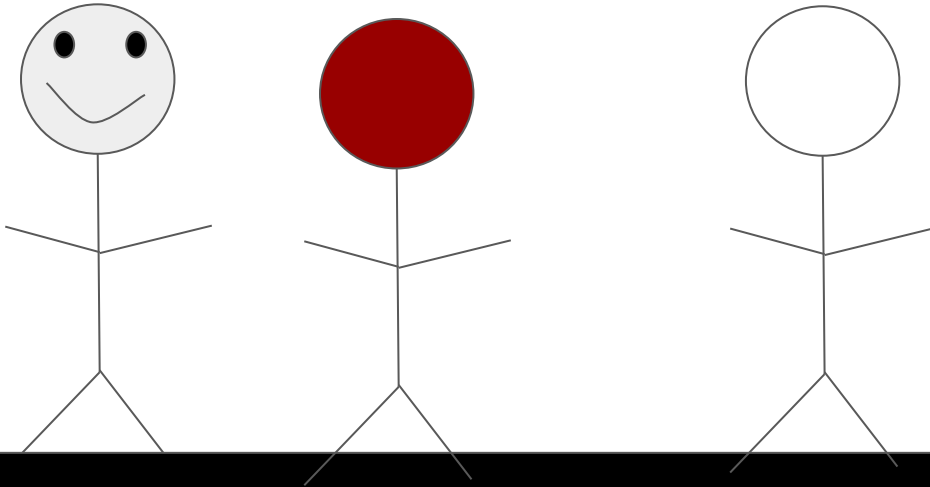

He used the Roommate Finder app to get in touch with two guys that have a lot in common with himself. They decide to meet up at the Cafe to talk.

By using the Roommate Finder app, he and the guys
he meet up with decided to get an apartment
together.

Dave is happy with the result he got using the Roommate Finder app because now he has roommates to hit the gym with!
